## ENTRY FEES

The entry fee for each event is listed on the website.

Your team must register annually with the appropriate national affiliation, which is NAFA for our events. Cost is \$40 and should be included with the first tourney fee.

A \$25 fee will be charged for any bad checks written for our events. Late starts may be requested. A \$15 fee may be charged for any time requests.

# HOW TO SIGN UP

- You can now register online immediately with your credit card at [Player's Choice Sports Association \(teamsportsadmin.com\)](http://Player's Choice Sports Association (teamsportsadmin.com)) We ask that you email to pre-register your team as soon as your team is interested in playing. **The entry fee for all invitational events is due on Friday at noon, one week prior to the event. You must pay online if we haven't received your check by Friday, 8 days prior to the event. The entry fee for Nationals is due 14 days before the tourney start.**
- Teams wanting to enter a tournament after Monday at noon will probably have a good chance of getting in but are not guaranteed entry. Many times other directors will cancel tournaments, or a tourney in one part of the state is rained out and we try to assist teams that call in last minute in fill-in situations.
- Start times will be posted at 3:00pm on Tuesday on Tourney Machine or youthfastpitch.com. **Any team that is verbally guaranteed after 9:00am Monday has to pay the entry fee whether they show up or not and will be suspended from all future tournament play until the entire amount is collected.** Everyone loses when a team drops out after the brackets are tentatively drawn up and start times have been given out. Any team may withdraw from a tournament up until Monday at 9:00am. After that, the team is locked into the bracket & must pay the fee or is suspended until paid. **Coaches must confirm start times by phone or email to youthfastpitch@gmail.com.**
- The game guarantee policy is as follows: Each team will be provided a prorated credit for each game not played under the amount guaranteed (excluding forfeits). Teams must enter their roster on tourney machine and email us any pick up player requests. Teams playing illegally will forfeit awards won and will be suspended by the appropriate national affiliation.
- Coaches should arrive at least 30 minutes prior to their first game to see if the tournament director has any last minute changes.
- In case of rain, coaches must call the rainout hotline, 888-852-1115, on Friday night at 10:00pm and on Saturday and Sunday morning after 6:30am or two hours prior to your first game. We also update Tourney Machine and Facebook. It is the coach's responsibility to check! We will not call coaches when an event is delayed or cancelled. Thank you and good sportsmanship.

# YOUTHFASTPITCH.COM IMPORTANT INFO

- Thank you very much for making us the #1 Girls Fast Pitch Tournament Operator in the Northwest. We will continue to take your comments and suggestions to improve our program. The following guidelines will be used for our girls fast pitch softball tournaments. These guidelines have been established through your coaches, parents and player's comments and suggestions since 1996.. We thank you for your input and hope you continue to advise us on how you feel we can make softball better for everyone.
- Four games will be guaranteed (3 on some special one day events) for most [Youthfastpitch.com](http://Youthfastpitch.com) regular season events. Special events and events run by others will have different entry fees. We will have round robin pool play on Saturday which will qualify ALL teams into a modified elimination format on Sunday (normally two games minimum) with upper and lower brackets based on the number of teams in the event and field availability. Your pool play results will seed you into Sunday's brackets. Five games are guaranteed for Nationals.
- We have contacted the finest umpires early to get them committed for you. Team trophies for 1st through 3rd in upper brackets and 1st and 2nd in lower bracket (when offered). Individual awards awarded to first place in the upper bracket only (13 per team).
- **Entry fees will be due on Friday, the week prior to each event (or sooner if full) so that we can draw up brackets and get them to you early.** Brackets will be drawn on Tuesday or after they are full except that major events may be bracketed earlier. Coaches can check Tourney Machine or our website, youthfastpitch.com, after 3pm on Tuesday.
- Seven run rule for all games. No new inning starts after 80 minutes on Saturday and Sunday (80 minutes when space is a problem) for all but the championship games. Tournaments will be bracketed with game on-game-off format, or double header then game off format wherever possible. We will also talk to each team to see whom they have and haven't played yet this year. We will review tournament results from previous events to evenly seed the round robin pools.
- **Proof of Team Insurance with SAM (sexual abuse and molestation) coverage is required.** The insurance certificate should be uploaded to your Tourney Machine Account. Team insurance purchased from any national group is accepted. State law forbids the insurance companies from restricting coverage. NAFA offers a great insurance plan through Player's Choice - go to [www.chappellinsurance.com](http://www.chappellinsurance.com) for more information.
- Background checks and concussion training are required for all coaches and adults with an active role on the team.
